Dear Hal and Liz,

I plan to call soon. I am back at work after having my gall bladder removed and then suffering a heart attack. Fortunately, the heart attack happened in the hospital, and I didn't suffer any loss of heart muscle or have any permanent damages.

I plan to work at least three more years. I like my job, the benefits and the money.

Hope you both are feeling ok. We think of you often.

As ever,

Jannie

Note from Jannie

Wishing You every Happiness
this Holiday Season and
Throughout the Coming Year

Jannie and Mary
